NIGHT SCHOOL—B. H. Lambert, esq., having been waited upon by one of the Free Night School Committee to negotiate for the school house on the corner of Duke and Royal streets, made some enquiries about the school, and then promptly offered the property free of rent for the purpose indicated. This building which has a main school room, and two recitation rooms, is very much better fitted for the uses of a school than the one now occupied, and has the additional advantage of being all on the ground floor, which is specially desirable for the lady teachers. There are 83 boys on the roll with an average attendance of 50. Classes are formed in Grammar, History, Geography, Arithmetic, Music, Writing, Reading and Spelling, with the most satisfactory results so far. The boys are uniformly well behaved, diligent and respectful to the teachers. There is still a great want of teachers for the large number of pupils, and it is hoped that the efficiency of the school will not be allowed to suffer in this direction. The committee have expended nearly \$1000 in books, school furniture, etc. We understand that there has been but one voluntary response to the appeal of the committee for funds to carry on this important undertaking. A gentleman enclosed \$5 by mail to Mr. George H. Robinson, the Treasurer, otherwise the committee have been obliged to secure what little money they have, by personal solicitation. One other person, we will mention, who was asked to contribute, did so, remarking that he intended handing Mr. Robinson the money. There are doubtless others, and many others who intend contributing, but the school needs the funds now. Those who are devoting their time to this enterprise are men of business, who have not the time to call on all our citizens, if it were proper to expect them to do so. Let the money come, therefore, freely and promptly to sustain this school for our working boys.

DESERTION AND THEFT—A man named Lawrence Lewis, one of the crew of the schooner Carrie Heyer, stole the yawl boat of that vessel and deserted last night, and has not since been heard from. The captain of the schooner started the police on his track, but had to buy another boat this morning and to sail without the deserter.

EDUCATIONAL—It appears from a circular just issued from the office of the State Superintendent of Public Instruction, that the school population of Alexandria city is 3,330, and of the county 922. The apportionment for the year, 1870-71, is \$166.50, and for the county, \$46.10; for 1871-72, for the city, \$382.50, and for the county, \$230.50.

ILLICIT DISTILLERS—Deputy U. S. Marshal L. I. O'Neale left here yesterday evening, on the Leesburg train, with a warrant for the arrest of two men alleged to be engaged in illicit distilling in the fastnesses of the Blue Ridge mountains, in Loudoun county.

GENERAL F. B. VAN BUREN, a cousin of President Van Buren, died at Herdon, Va., on Thursday morning, in the eighty-first year of his age. His remains have been taken to New York.

LOW TIDE—In consequence of the late prevailing Northwest wind, the tides in the Potomac are now very low.

REVIVAL AT THE M. E. CHURCH—The series of meetings commenced about two weeks ago at this church, while not fully realizing the hopes of the originators in bringing forward many converts, have been marked with great interest. The attendance has been large, and the Rev. gentlemen who have officiated have been listened to attentively and seemingly with great interest. Last night, in consequence of the inclemency of the weather, there were not many present at the beginning of the services; and it was therefore determined to make it an occasion for those so desiring, to give in their religious experience. Many of both sexes in accordance with the invitation, arose, and with that earnestness and faith, with which all Christians are imbued, spoke beautifully of the life they intend to lead in the future. The best feeling seemed to prevail among all, and at nine o'clock the meeting was closed. These meetings will, in all probability, be continued next week.

THE MARKET, this morning, was well supplied. Very little change in prices to notice. Butcher's meats are at the usual rates. Fresh pork, from the country, at 15a18 cts. No poultry but chickens. Vegetables without change in prices. Butter 35 a 50 cts. per lb. for fresh prices. There were Black fish for sale on the fish benches—with fish of other kinds.

ALEXANDRIA LIBRARY COMPANY—At a meeting of the Directors of the Alexandria Library Company, last night, Mr. A. G. Usher was appointed chairman of the committee on the proposed festival to be given for the benefit of the company, vice Mr. K. Kemper, declined; and Mr. G. W. Ramsay was appointed Secretary of the company.

HEBREW CONGREGATION—The congregation Beth El, of this city, have elected their officers for the present term, as follows: President, I. Eichberg; Vice President, Emanuel Weinman; Treasurer, Joseph Brager; Secretary, Jacob Hirsh; Directors, S. Lindheimer, I. Schwartz, and H. Strauss.

CREDITABLE WORK—A new first class passenger car for the O. & A. M. R. R. has just been turned out from the shops of the company in this city, and the manner of its construction and the style of its finish reflect great credit upon the skill and taste of Alexandria mechanics.

RELIEF HOOK AND LADDER COMPANY—At a meeting of the Relief Hook and Ladder Co., held last night, a committee was appointed to solicit subscriptions for the purchase of a new fire alarm bell for their truck house. Thirty members of this company have agreed to uniform themselves at once.

RATS AGAIN—A colored man, living in the alley on Pitt, between Queen and Cameron streets, had his toe bitten whilst asleep, a few nights ago, so badly by rats that he was rendered quite lame. A considerable piece of the ball of his toe had been eaten when he awoke.

NEW FIRE ALARM BELL—The requisite amount of funds having been obtained, a steel amalgam bell of eight hundred pound weight, has been ordered from Cincinnati, and will be erected over the Columbia Fire Companies Engine house.

PROPERTY SALES—L. D. Harrison, auctioneer, sold to-day the brick house and lot of ground on the south side of Wolfe street, between Fairfax and Water streets, to J. E. Stone, for \$1800. The two-story brick house on the north side of Duke, between Fayette and Payne streets, has been sold, by F. A. Kerby, auctioneer, to Mr. Richard H. Windsor, for \$1250.

The building on King street, between Pitt and St. Asaph, known as the Alexandria Fire Insurance office, was sold this morning, also, by Mr. Kerby, to David Appich, for \$7,750.

MAYOR'S OFFICE—Joe Winston, colored, for disorderly conduct at Fishmont, was fined and discharged.

NIGHT ARREST—Night dark and cloudy, with rain about ten o'clock. During the night the whole city was full of smoke from the line kiln on the banks of the canal. There were no disturbances. One prisoner, but no lodgers, were at the station house.

DETAINED LETTERS—The following letters are detained in the postoffice for want of stamps: D. Vannerman, Port Deposit, Md.; Major R. F. Mason, Thoroughfare, Va.; Col. Wm. Holt, Attorney, Hacketts town, Va.; Sylvester Valentine Celsgrave, La.

PUBLICATIONS—From the bookstore of Mr. George E. French we have received a copy of Mme. Demorest's "What to Wear." Also, copies of the The Churchman, published daily during the present session of the General Convention of the Protestant Episcopal Church of the U. S. at Baltimore.

Local Brevities—The old established China store of Mr. E. J. Miller, established years ago, by his esteemed father, he and the writer know how many years ago, but we don't choose to be communicative on that head, is one of the importing houses yet left us, and is as flourishing as ever. It has one of the largest and finest assortments of china ware of every description in our State. It secures not only its former trade, but an access of business. The store is a very handsome one.

Summer ducks, and their kindred, wild fowl are said to be just now in fine condition. But few blue wings have yet been killed.

The amount of passenger travel on the railroads continues large.

After the fine rain we have had, the weather cleared up this morning delightfully.

FOREIGN NEWS.
 LONDON, Oct. 7.—12 m.—The Bank of England has advanced its rate of discount one per cent. It is now five per cent.

MADRID, Oct. 7.—Sagasta will use his influence in favor of the adoption of a radical policy by the new government. Piellan has been appointed Captain General of Madrid and Merelo Governor of the city. Senor Balaguer administers the affairs of the Department of State ad interim.

Advices received here from Melilla state that the revolt of Kabyles menaces only the dominions of the Sultan of Turkey who has sent troops to restore order. The Spanish garrison of Melilla will take no part in the operations against Kabyles unless some insult should be offered to the Spanish flag. The cause of the outbreak was the establishment of a Moorish custom House on the coast.

LONDON, Oct. 7.—The Smack Peto sunk in the harbor of Yarmouth last night and seven persons perished.

CONSTANTINOPLE, Oct. 7.—The progress of the cholera has been checked and the alarm which was felt concerning the spread of the epidemic is subsiding.

From Mexico.
 MEXICO, Sept. 12.—via Matamoros.—Juarez was installed as President last night amid great excitement. No revolutionary disturbances have yet occurred. There are rumors of a change in the cabinet.

Pedro Martinez has issued a pronouncement near Galtiano in Larrallon and Escupero, and Colonels Rojas and Dali have pronounced against Juarez in Sinaloa. General Porra is the defeated candidate for Governor.

MEXICO, Sept. 20.—via Matamoros.—All is quiet here. The President's message is complimentary to the building of railroads and improvement of the coast. It also sanctions the making of treaties with foreign nations.

MATAMOROS, Oct. 2.—There is another great revolution in Mexico. The State of Nueva Leon takes the lead. The famous General Pedro Martinez has pronounced in Gallena against the Juarez government and was immediately seconded by Generals Jeronimo and Trevino, the Governor of Nueva Leon, together with all the State authorities and several other chieftains.

Their combined forces are said to be marching on Comuango and Matamoros with the view of occupying the Custom House on the frontier. The first step taken by the authorities of Nueva Leon was to throw into prison all employees of the federal government. It is expected this movement will be seconded by the neighboring States and that the revolution will become general. General Porfirio Diaz, is reported to have said he would march against those who should pronounce against the Juarez government, but his loyalty is much doubted.

Matamoros and the frontier are yet quiet. Nevertheless, the merchants feel very anxious about coming events. General Palairo and Cortina have issued a proclamation to the soldiers under their respective commands and to the citizens of the frontier in general to stand and fight for the Juarez government. Great preparations are being made in Matamoros, for the defence of the city if attacked and all the cavalry has left for the front. The telegraph is only working as far as Mere and no further news is reported at this hour. Great excitement is reported from all parts of Mexico on account of such stirring news.

BINGHAMPTON, Oct. 7.—A fire broke out in Canal street shortly after 12 o'clock this morning. Harding's sash and door factory, Stewart's scale works, Ostrom's silvery stable and dwelling and other property were destroyed. Loss about \$41,000; insured for \$20,000.

The Ingersoll Case.
 NEW YORK, Oct. 7.—The case in which James H. Ingersoll, one of the city contractors was summoned for examination, was resumed this morning in the Supreme Court before Judge Ingraham. General Barlow, counsel for Ingersoll, wanted for the citizens' committee of Seventy, wanted to proceed, but ex-Judge Fallerton objected because his associate counsel, for the defence, Mr. Stoughton, had not arrived. He said Mr. Stoughton would move to rescind the order for examination. The Ingersoll case was then adjourned to await the arrival of Mr. Stoughton.

Disturbance and Fatal Result.
 TOPEKA, Kas., Oct. 7.—A party of Kansas cattle drovers at Abeline, yesterday, spent most of the day going around the town and forcing the business men to treat them with liquor. Finally, a disturbance occurred and in attempting to quell it the city marshal wounded one drover and accidentally killed another.

El Vino Catalina—The announcement that has been so generally heralded throughout the country that an American company has again commenced importing this celebrated wine tonic—a matter of no small importance, and will be hailed with joy by all those seeking a pure and invigorating tonic; also, those who need a pure, pleasant and refreshing stimulant will find in the El Vino Catalina, or Brown's Catalina Wine Tonic, what they want. It will not merely refresh the system, but it will restore the high duty then demanded by this government, the enterprise ceased, to the regret of thousands who had learned its value. It is the oldest tonic in the world, and doubtless the most invigorating, the purest and best, and if information continues at the rates now started, it will take its place in every family in this as well as in the old countries. Its merits will make it a household article, and we hope that every one who is afflicted with Biliousness, or common tonic, will at least try one bottle of the Catalina, and then decide for themselves whether they will use this Tonic, prepared from the pure juice of the Catalina grape, with Calisaya and the spices of Ceylon, or a inferior made of common whiskey and bitter field herbs. This is an invaluable preparation for weakness and debility; it relieves morning languor and gives freshness and appetite, not followed by an unpleasant reaction.

It cures Dyspepsia, Indigestion, Costiveness, Bilious Derangements, Cramp Colic, Flatulence, Diarrhoea, Dysentery, Nausea, Vomiting, Morning Sickness, Chills and Fevers, Headache, Nervous Irritability, Anemia, Heart Disease, Diseases of the Kidneys, Dropsy, and all other diseases of the blood, either caused by other diseases or impurity of the blood. As a Tonic in Consumption, it has no superior, of which thousands believe themselves to have been cured by its use. We do not claim that it will cure Consumption, but we are sure that it will prevent it, and free in time.
